CECILIAN CHOIR.

A Choral Society, called the "CECILIAN CHOIR," has recently been established in this city on the plan of the famous "Dom Chor," of Berlin. The soprano and alto parts are sung by boys only. Parents having sons under fifteen years of age, possessing musical qualifications, are invited to apply as below. To those boys who give evidence of a high order of musical talent this institution offers advantages never before presented in this country. The great works of Handel, Bach and Mendelssohn form the basis of practice, and only those applicants are admitted who are likely to meet the requirements of this high standard. There are many boys who have a natural talent for music, yet are unacquainted with notation. For the benefit of such, a preparatory school has been established, from which the ranks of the chorus are filled. The CECILIAN CHOIR and School are well endowed, and members are subject to no charge whatever.

CHEVE'S

Under the instruction of

SIGNOR JOSEPH BORRA.

CARD FROM PROF. BASSINI.

MY DEAR SIR: Desiring to co-operate with all the influence I can well command within the circle of my scholars and friends in establishing in this country Mr. Cheve's incomparably superior method of teaching the theory of music and sight reading, I take the liberty to address you this. It is my opinion that all that is needed to make it popular is to let the people know it. Having been myself a student of the Rithmography and Cheve's system, I have had opportunity of appreciating their merit.

I am, Sir, yours truly,

New York, April 6, 1866.

C. BASSINI.

Signor BORRA will return to this city by the 5th of September. All who desire a thorough musical education, with less outlay of time and money than by any other method, are advised to confer with him before engaging elsewhere.

N. B.—His arrival and the place where an interview and circulars may be had will be duly announced through the Press. References and testimonials of the very highest order.

TESTIMONIALS FROM THE PROFESSION.

After having examined the Pianofortes of Messrs. DECKER BROS. very carefully, we have come to the conclusion and cheerfully testify that they are in every respect superior instruments. Their tone is pure, rich, brilliant, very distinct, and of an entirely musical character. Their workmanship is of the very best, plainly demonstrating that none but the very best materials are used, and their touch, evenness, and quality of tone throughout the whole compass of the key-board unsurpassed by any other Pianoforte we have ever seen.
